

16 JUN 1949

MEMORANDUM TO: Director of Intelligence
 Department of the Army
 Washington, D. C.
 Attn: Chief, Administrative & Liaison Group

Reference : Memorandum dated 6 May 1949 (CSGID-A 324.5), same
 Subject.

Subject : Request for Recognition of Services.

1. The records of the Office of Strategic Services are very limited insofar as any mention of [] is concerned, being confined principally to previous claims for recognition and remuneration. The following notation appears, attached to a similar letter written in August 1945: "Collaborator of SO Mission. Do not believe subject is entitled to compensation."

STAT

2. There is, however, sufficient evidence that subject was a guide for a short time with an operational team to probably warrant a courtesy letter of appreciation for services rendered to the Allied cause.

3. For obvious reasons, it is undesirable that the Central Intelligence Agency be involved in correspondence with [] and it is therefore suggested that such a letter of recognition be given by the Department of the Army.
